ACADEMIC EXPERIENCE AND ADMINISTRATIVE ACHIEVEMENTS

Dean of the School of Health Sciences

Professor of Health Sciences

Elon University

2017-present

The School of Health Sciences at Elon University comprises academic programs in physical therapy, physician assistant studies, and nursing, including 39 faculty and staff and over 250 graduate, post-baccalaureate, and undergraduate students. As the academic and financial leader of the School of Health Sciences, I administer financial strategy and accountability for \$10.8 million in annual tuition revenues and \$6.5 million in annual salaries, benefits, and operations.

ACHIEVEMENTS

Nursing Programs

- Successfully campaigned the Elon University Strategic Planning Committee for the inclusion of nursing in the Boldly Elon strategic plan, thus establishing the first undergraduate major in the School of Health Sciences (September 2019).
- Led completion of all university and accreditation processes to submit applications for both a 4year Bachelor of Science in Nursing and an Accelerated Bachelor of Science in Nursing within 12 months of the unveiling of the strategic plan, amid a global pandemic (September 2020).
- Directed the recruitment of a diverse group of faculty to teach the inaugural classes of nursing students (June 2021).
- Administered all budgeting and renovation processes to establish the Department of Nursing (July 2021).
- Welcomed 49 nursing students to Elon University (August 2021).

Academic Programs

- Led the diversification of degree offerings within the School of Health Sciences to include over 600 undergraduate, accelerated pathway, post-baccalaureate, community college transfer, masters, and doctoral students with projected revenues of over \$22 million annually by Fall of 2024.
- Galvanized relationships between the Department of Physical Therapy Education and Elon University Athletics to create the Elon Sports Physical Therapy Residency program.
- Ignited efforts to create Accelerated Pathways to Physical Therapy and Physician Assistant Studies: 3.5+ programs with direct entry from undergraduate to graduate studies at Elon University.
- Exploring and developing collaborative 2+2 RN to BSN completion programs with local community colleges.
- Completing feasibility studies for Master of Healthcare Analytics with the Martha and Spencer Love School of Business and Master's-level health sciences/nursing programs.

Strategic Planning

- Led the creation of the <u>School of Health Sciences Five-Year Strategic Plan</u> aligned with the Boldly Elon Strategic Plan using a shared governance model and input from internal and external stakeholders.
- Directed institutional strategic planning efforts as the co-chair of the Advancing STEM at Elon Community Working Group.
- Contributing member of the Global Strategic Planning Community Working Group.

Diversity, Equity, and Inclusion Initiatives

- Led the alignment of inclusive excellence efforts within the School of Health Sciences, creating course content and co-curricular programs to prepare healthcare providers committed to advancing health equity.
- Championed the hiring of the first Director of Inclusive Excellence for Graduate and Professional Education, an advisor focused solely on Elon's graduate students within the Center for Equity and Inclusive Excellence.
- Created a faculty and staff committee dedicated to professional development in diversity, equity, and inclusion; admitting and supporting a diverse student body in the School of Health Sciences; and facilitating hiring practices that attract and retain diversity amongst faculty and staff.
- Empowered a student diversity, equity, and inclusion committee committed to creating cocurricular and interprofessional opportunities for students to intentionally study and discuss health disparities and create a shared commitment to inclusive excellence as a core value in the provision of healthcare.
- Participating as an active member in the North Carolina Alliance for Healthcare Diversity.

Community Outreach and Initiatives

- Led the expansion of relationships within Cone Health to provide continuing education opportunities for clinical instructors and preceptors, participate in Healthy Communities outreach events in underserved areas of Alamance County, and collaborate with the Nursing Research Council to expand mutually beneficial research and educational opportunities.
- Contribute to the Alamance Network for Inclusive Healthcare and support Elon Year of Service Fellows at Alamance Regional Medical Center, Healthy Alamance, and Impact Alamance.
- Administer the provision of healthcare services to underserved members of our community through the Open-Door Clinic of Alamance County and the Health Outreach Program at Elon.
- Align opportunities for education and service through Board of Directors service with the Alamance County YMCA and AuthoraCare Collective Hospice and Palliative Care.
- Work strategically with the School of Health Sciences Advisory Board members from LabCorp, Cone Health, Alamance Regional Medical Center, and Blue Cross Blue Shield of North Carolina.

School of Health Sciences Distinctives

- Shaped "E-Connect", the first Apple iPad initiative at Elon University as a collaboration between the Department of Nursing, Information Technology, and Teaching and Learning Technologies.
- Managed the achievement of self-sufficiency for donor procurement through the Anatomical Gift Program: a first-person consent, willed body program with over 500 registrants and over 100 received donors. Executing cost-recovery strategies through donor sharing with other institutions and continuing medical education.
- Championed the establishment of over 30 part-time staff positions for medical actors within the Client and Standardized Patient Program to ensure over 2000+ hours of annual student engagement.
- Led visioning for "Crucial Conversations in Healthcare", a co-curricular initiative integrated in all health sciences programs to enhance students' ability to be emotionally present and communicate with empathy to individuals experiencing challenging healthcare situations such as end of life preparation and the grief process associated with severe diagnoses.
- Shepherded the initiation and expansion of "ElonRUNS", including a community running group, runner's yoga, and a specialized runner's physical therapy clinic for students, faculty, staff, and runners from the local community.

Collaborative Leadership

- Designing campus-wide strategies for holistic wellness as the co-chair of the Council on Wellness and Well-Being and co-chair of the JED Campus initiative. Established council membership and institutional priorities with a wide and representative range of faculty, staff, and student stakeholders.
- Ideating opportunities to shape global health equity as a distinctive, multidisciplinary initiative at Elon University in collaboration with the Isabella Cannon Global Education Center. Exploring opportunities for a Fulbright Scholar and visioning initiatives with a focus on admissions cohorts, living and learning communities, educational colloquia, and a potential minor.

- Led the establishment of a Peak Performance Testing program as a collaboration between the Department of Physical Therapy Education, Elon Athletics, Elon Strength and Conditioning, and Exercise Science. Work annually with incoming athletes to create baseline assessments on a wide range of performance measures and provide structured regimens for performance improvement, injury prevention, and rehabilitation. Created a badging system to incentivize student engagement in peak performance testing as a co-curricular opportunity for engaged learning.
- Shaped a partnership with the Martha and Spencer Love School of Business leading to powerful and innovative educational collaborations in the areas of accessibility for the differently abled and end of life preparation. Advancing the partnership through the exploration of a Master of Healthcare Analytics program.
- Established a statistics internship with the Department of Mathematics and Statistics and Elon College, the College of Arts and Sciences. Paired graduate-level faculty and student research teams with undergraduate faculty and statistics majors to create mutually beneficial partnerships for health sciences research projects and statistics capstone requirements.
- Fostered the creation of simulation events in partnership with the Department of Residence Life and the Student Professional Development Center. Prepared students for optimal communication, crisis management, and professional readiness.

Facilities

- Fostered the reimagining of existing and underutilized spaces within the Francis Center to add nursing programs, including creation of a state-of-the-art Interprofessional Simulation Center and classroom upgrades to enhance engaged learning.
- Collaborating with University Planning, Design, and Construction Management to vision and execute the continued expansion of the Francis Center from 50,000-100,000 square feet, including additional classrooms and skills labs, an Augmented Reality/Virtual Reality/Mixed Reality Suite, and common areas and study spaces designed to optimize student engagement.
- Awarded a \$100,000 grant through the Golden Leaf Foundation to fund equipment for the Augmented Reality/Virtual Reality/Mixed Reality Suite.

COVID-19 Leadership

- Established the School of Health Sciences COVID-19 team.
 - Created policies and procedures to return students to in-person, hands-on skills labs on May 26, 2020.
 - Led preparation of the Francis Center, including connected classroom technology and faculty training, to return students to full-time, in-person learning August 4, 2020.
 - Ensured high level of vigilance throughout the 2020-21 academic year resulting in only five COVID-19 cases in the School of Health Sciences with no close contact transmission.
- Chairing the COVID-19 data team for Elon University.
 - Collaborated with fellow administrators to create the Elon University COVID-19 Alert Matrix: a multifaceted analysis and decision-making tool including both internal and external data (Summer 2020).

- Analyzed every case of COVID-19 throughout the institution to drive surveillance testing and advance recommendations for campus-wide mitigation strategies (Fall 2020).
- Visioned and contributing to the creation and refinement of a comprehensive data analytics platform within Power BI to optimize analysis and responsiveness to COVID-19 cases on campus (December 2020-present).

Chair and Program Director, Department of Occupational Therapy Professor of Occupational Therapy Concordia University Wisconsin

2013-2017

SIGNIFICANT ACCOMPLISHMENTS

- Led a department of 11 full-time faculty, three part-time faculty, four adjuncts, one full-time administrative assistant, and two part-time administrative assistants.
- Administered the addition of two occupational therapy programs, resulting in a total of three Master of Occupational Therapy Programs and one Post-Professional Doctorate in Occupational Therapy delivered in multiple formats, including online, in-person, and blended online/inperson.
- Created committee structures for admissions, program evaluation, and student progression.
- Championed 100% faculty engagement in scholarly activity including a substantial increase in publications and national and international peer-reviewed presentations.
- Managed successful execution of Interim ACOTE Accreditation Report.
- Led global health equity outreach in Guatemala and Nicaragua: five trips with over 30 physical and occupational therapy students.

Associate Professor of Occupational Therapy with Tenure

Maryville University

2002-2013

SIGNIFICANT ACCOMPLISHMENTS

- Created the first global learning opportunities within the School of Health Professions, leading
 global health equity outreach in Guatemala on eight trips with over 50 occupational and music
 therapy students.
- Elected to the President's Cabinet and Faculty Council; appointed to the Core Curriculum Committee.
- Earned the Outstanding Faculty Award and multiple awards for teaching and advising.
- Contributed to successful completion of decennial ACOTE Accreditation.

Adjunct Professor Washington University in St. Louis 1998-2003

CLINICAL EXPERIENCE

Hand Therapist

Milliken Hand Rehabilitation Center, St. Louis, Missouri (1999-2013) Shriner's Hospital for Children, St. Louis, Missouri (2007-2013)

Occupational Therapist

Barnes-Jewish Hospital, St. Louis, Missouri (1998-1999)
