

### *World History Education*

This program leads to certification to teach world history at the secondary level in the State of Iowa. Other states may have slightly differing requirements (e.g., South Dakota requires a course in Native American studies). Most states will issue a provisional license that allows one to teach while meeting any additional requirements.

Elective

Students with a World History teaching major sometimes use their electives to add an American History teaching major, which requires two additional American history. Other options include working toward an endorsement in all social sciences or another area such as English or a foreign language. Students interested in coaching should consider the Coaching Endorsement (2.5 cc)

Co-curricular: athletics, KDP (education honor society), History Club, PAT (history honor society)
