HOST A MUSIC ENSEMBLE
Choral & Instrumental Ensembles

Make memories and connections.

What does hosting a Wartburg College music ensemble bring to your community?

Musical growth

Learning from our directors and ensembles gives your musicians a glimpse of the future of performance and sets them up for greater success. If you perform with us, you'll make memories that will last a lifetime.

A spirit of collaboration

Wartburg ensembles encourage leadership, collaboration, and the intentional empowerment of others. Deepen your relationships with us and other partners in your community to host our students and put on a great concert.

A spotlight on you

Bringing an acclaimed Wartburg ensemble to town lifts up the music you're already making to a broader section of your community. (And beyond — friends and family of our students will travel to see them perform.)
